

CHÂTEAU GRENOUILLES

APPELLATION CHABLIS GRAND CRU CONTRÔLÉE

The Château Grenouilles estate is an exceptional property, unique in Chablis. Situated in the heart of the Grands Crus vineyards at the foot of the Grenouilles hillside, its 7.2 hectares (some 18 acres) form one superbly exposed single plot facing south-west towards the village and produce Les Grenouilles, the rarest of Chablis Grand Cru. This Château Grenouilles is made from selected sections carrying the oldest vines in the vineyard and the wine allies a nose with great definition to an aromatic purity in the mouth, a harmony of power and finesse and a very long finish. Blessed with enormous potential for keeping, it is a statement of what a great Chablis vin de terroir is. The Château's second wine, "Le Fief de Grenouilles", illustrates to perfection the style of Grenouilles's terroir. The harvest from vines more than forty years old gives a wine that is a perfect expression of generosity, harmony between structure and elegance and the mineral edge of a Chablis Grand Cru.
